Dear Kristi, Andrew, Heather and Jessica,

Thank you four times (one for each of you) over for the terrific performance you put on for the Round Lake Area Library! And as for getting 4 dancers for the price of 3, all I can say is that that was most generous of you. The combination of incredible tap, a Q and A session, plus some historical background of the genre gave our patrons an afternoon to remember. Who could ask for anything more?

I very much appreciated your accommodation to my less-than-ideal floor space; your flexibility made Sunday's performance here possible. At least I had a sound system to offer, albeit one that had some quirks.

Thanks again to the four of you for a stellar show.

Gratefully and sincerely,
